Do This Each Time You Want to Play

1. Go to www.educationcity.com
2. It should automatically load up the Seven Hills School interface. (If you find it does not load up Seven Hills School automatically, you will need to follow steps 1-6 above each time.)
3. Click on your grade level.
4. Click on Activities under Math, Language Arts or Science.
5. Select an Activity. Most activities take 5-10 minutes to complete.
6. Select a level, if there is more than one.
7. Select the Play button
8. Find your grade level.
9. Find your name
10. Click the Start button
11. Play the activity
12. Once completed, your score will be saved automatically, so the teacher can track how long you played, how well you did, and what activities you completed.
13. If you want to play another activity in the same subject area, follow steps 5-12 above.
